INDIAN PHARMA EDUCATIONAL SOCIETY

ABOUT US

Indian pharma educational society [IPES] is scientific & innovative organization for the development of pharmaceutical profession. IPES involved skill based quality education, digital learning, corruption free and most appropriately practical applicability of pharma profession. IPES committed to fulfillments of need of student at single place i.e. certification, appreciation, advising, support, fellowship, awareness, job assistance, training ,exam preparation ,conference & seminar ,workshop and other educational and technical matters. IPES aim to revolution of pharma in healthcare. Future vision of the organization is to reach each & every students & assist them in making their career bright. Organization focus to social, educational, intellectual & cultural development of students.

MESSAGE FROM FOUNDERS & PRESIDENT

We welcome to all students, research scholars, lecturer, professor, scientist and other professionals on the behalf of The Indian pharma educational society . It is indeed a great privilege to be president of the IPES as it embarks on its 1st year. I will serve the IPES to the best of my ability & fulfill all the aims & the objectives of the organization. The help of my council, I will do my best to prove to be their worthy successor.

The IPES will engage with the pharma & medical professionals, ministry of health, ministry of chemical & fertilizer media, the public & all stake holders to carry this program forward. We will also provide advocacy road to ministry of health & advice regarding resource allocation for these important challenges of pharma . The Theme I have selected for IPES 2019 is "facing the challenge and forging ahead for better pharma outcomes".

It is my fervent hope that most IPES members will actively participate & contribute to achieving the objectives of the organizations. Finally I wish you all a peaceful, happy, healthy & wealthy 2019.

Kindest & Regards
Akhilesh Pratap Mishra
